 Special discount tickets for the Keisei Skyliner  
 The “Skyliner Value Ticket” and the “Keisei Skyliner &  
 Tokyo Subway Ticket” will be sold onboard Jetstar Japan flights  
 starting April 1, 2017 (Saturday)**

Keisei Electric Railway Co., Ltd. (head office: Ichikawa, Chiba Prefecture; president: Norio Saigusa) and Jetstar Japan Co., Ltd. (headquarters in Narita, Chiba Prefecture, President: Masaru Kataoka) will begin selling 2 types of special discount tickets for the “Keisei Skyliner” onboard Jetstar Japan aircraft starting April 1, 2017 (Saturday): the “Skyliner Value Ticket” and the “Keisei Skyliner & Tokyo Subway Ticket”.

These tickets are offered as part of a collaboration between the Keisei Electric Railway and Jetstar Japan to give customers flying on any of Jetstar Japan’s Tokyo (Narita) bound flights (domestic and international) a discounted and convenient way to get from Narita Airport to Tokyo.

The “Keisei Skyliner” is a fee-based limited express train that connects Narita Airport to the center of Tokyo in as little as 36 minutes. This train is equipped with spaces for large luggage in each car. It is possible to use AC outlets and public wireless LAN service (only for foreign visitors to Japan) in each seat in the train while traveling. This speed and comfort makes this a popular train with travelers.

The “Skyliner Value Ticket” is a special ticket that offers the passenger ticket and limited express ticket for the “Keisei Skyliner” (one-way) at a discount.

The “Keisei Skyliner & Tokyo Subway Ticket” is a special passenger ticket that is very convenient for Tokyo sightseeing. The ticket combines one-way or return fare on the “Skyliner” with the “Tokyo Subway Ticket”, which provides free travel on 13 subway lines (nine lines of the Tokyo Metro Subway plus four lines of the Toei Subway) for 24 hours, 48 hours or 72 hours.

Keisei Electric Railway and Jetstar Japan plan to continue their cooperation in the future to provide convenience and savings for travelers.
