

**Special ticket plans for visitors to Japan from overseas**  
**Sales begin August 10 at**  
**Narita International Airport Terminal 1 Travel Center**

On August 10, 2017, Keisei Electric Railway Co., Ltd. (Head office: Ichikawa, Chiba; President: Toshiya Kobayashi) and JTB Corp. (Head office: Shinagawa City, Tokyo; President: Hiroyuki Takahashi) will launch sales of the Keisei Skyliner & Tokyo Subway Ticket at Narita International Airport Terminal 1 Travel Center. The Center, which is operated by Narita International Airport Corporation (“NAA”), is a new facility inside the Visitor Service Center now being prepared for the use of foreign visitors to Japan, on the 1st floor (arrivals level) of Terminal 1 Central Building. The Keisei Skyliner & Tokyo Subway Ticket is a plan ticket that enables foreign visitors to Japan to ride the Skyliner at a discount.

The “Skyliner” is a fee-based limited express train that connects Narita Airport to the center of Tokyo in as little as 36 minutes. This train is equipped with spaces for large luggage in each car. It is possible to use AC outlets and a free Wi-Fi service (only for foreign visitors to Japan) in each seat in the train while traveling. This speed and comfort makes this a popular train with both passengers in Japan and foreign visitors from overseas.

The "Keisei Skyliner & Tokyo Subway Ticket" is a plan passenger ticket for foreign visitors to Japan. The ticket combines one-way or return fare on the "Skyliner" with the "Tokyo Subway Ticket", which provides free travel on 13 subway lines (nine lines of the Tokyo Metro Subway plus four lines of the Toei Subway) for 24 hours, 48 hours or 72 hours.

This expansion of Keisei’s ticket sales network is part of an ongoing effort by Keisei to bolster sales in countries and regions where demand for travel to Japan is burgeoning, so that increasing numbers of visitors to Japan from overseas can use these ticket plans. By strengthening sales in Southeast Asia, Keisei hopes to contribute to further growth in the number of users of Skyliner, and to enable foreign visitors to tour Japan with comfort, convenience and peace of mind.

Keisei Electric Railway Co., Ltd. and JTB Corp. will continue to make every effort to ensure that visitors from overseas enjoy a travel experience in Japan that is convenient, comfortable and reliable.

The details of the expanded network of sales outlets of the “Keisei Skyliner & Tokyo Subway Ticket” is on the next page.
